

Derma-Form

Advantages

Derma-Form nutritional supplements provide polyunsaturated fatty acids plus nutrients necessary for improving and maintaining coat and skin health in mature dogs and cats. Derma-Form is available in three forms for dosage flexibility.

Derma-Form Chewables

- Vitamin E and selenium, biological antioxidants and metabolic enzyme components
- Zinc, a metabolic enzyme component for improved skin integrity
- Biotin, a coenzyme in fatty acid biosynthesis
- Essential fatty acids

Derma-Form Granules F.A.

- Nine minerals including zinc, a metabolic enzyme component for improved skin integrity
- Contains unsaturated Omega 3 and Omega 6 fatty acids
- Formulated to prevent rancidity

Derma-Form Liquid

- Mixes easily with food
- Provides vitamins A, D and E
- Contains lecithin and other emulsifiers to facilitate assimilability
- Contains essential fatty acids

Vet-A-Mix offers a complete line of quality, research-proven nutritional supplements and drug dosage forms.

**High levels
of fatty
acids plus
essential
nutrients
for healthy
skin and
coat.**
