ClindaRobe[®], Clindamycin Hydrochloride Capsules
MSDS Date: 8/13/09 (Original)
(Revised)

Product Name: ClindaRobe[®], Clindamycin Hydrochloride USP Capsules

1. INGREDIENTS: (% w/w), unless otherwise noted

COMPONENT	CAS#	%	EXPOSURE LIMITS, ppm		
			OSHA	ACGIH	OTHER
Clindamycin hydrochloride,	21462-39-5	54%-55%	None	None	None

This is a commercial product whose exact ratio of components may vary slightly.

This document is prepared pursuant to the OSHA Hazard Communication Standard (29 CFR 1910.1200). Only those ingredients composing $\geq 1\%$ ($\geq 0.1\%$ for carcinogens or suspect carcinogens) of the formula (w/w) and which have identified hazards are listed. In addition, other substances not hazardous per this OSHA standard may be listed.

2. PHYSICAL DATA:

APPEARANCE:

ClindaRobe[®] 25 mg – Opaque white body and opaque yellow cap, hard gelatin capsule; imprinted in black ink "nv" and '25" on opposing cap and body portions of the capsule.

ClindaRobe[®] 75 mg – Opaque white body and opaque dark green cap, hard gelatin capsule; imprinted in black ink "nv" and '75" on opposing cap and body portions of the capsule.

ClindaRobe[®] 150 mg – Opaque amethyst body and opaque maroon cap, hard gelatin capsule; imprinted in black ink "N" and '150" on opposing cap and body portions of the capsule.

Other physical data have not been determined.

3. FIRE AND EXPLOSION HAZARD DATA:

This has not been evaluated.

EXTINGUISHING MEDIA: Water fog, alcohol foam, CO₂, dry chemical.

4. REACTIVITY DATA:

This has not been evaluated. The product is expected to be stable under normal storage conditions; avoid strong oxidizers.

5. ENVIRONMENTAL AND DISPOSAL INFORMATION:

ACTION TO TAKE FOR SPILLS/LEAKS: Sweep up and dispose of in DOT-approved waste containers. Keep out of sewers, storm drains, surface waters and soil.

DISPOSAL METHOD: Dispose of contaminated product and materials used in cleaning up spills or leaks in a manner approved for this material. Consult appropriate federal, state and local regulatory agencies to ascertain proper disposal procedures.

6. HEALTH HAZARD DATA:

EYE: This product is not expected to irritate the eyes under normal conditions.

SKIN CONTACT: This product is not expected to irritate the skin under normal conditions.

SKIN ABSORPTION: A single prolonged exposure is not likely to result in the material being absorbed through skin in harmful amounts, however skin absorption may occur with prolonged exposure.

INGESTION: Significant oral exposure is considered to be unlikely. This product may be irritating to mucus membranes but is unlikely to cause anything more than transient discomfort. The effects of accidental ingestion of large quantities have not been evaluated.

INHALATION: Inhalation exposure under normal conditions of use is not likely to cause adverse effects, however it may occur with prolonged exposure.

Clindamycin hydrochloride -- Subcutaneous LD50 (rat) 2,618 mg/kg.

7. FIRST AID:

EYES: Immediately flush eyes with copious amounts of lukewarm running water for 5 minutes or until the product is removed.

SKIN: Wash off in lukewarm flowing water or shower for 5 minutes or until the product is removed. Remove contaminated clothing and shoes; wash before reuse.

INGESTION: SEEK MEDICAL ATTENTION. Treatment of acute overdosage is by immediate gastric lavage or emesis.

INHALATION: Remove to fresh air. Give artificial respiration if not breathing.

Seek medical attention immediately if excessive exposure occurs.

NOTE TO PHYSICIAN: No specific antidote. Supportive care consistent with a lincosamidine antimicrobial agent overdose should be considered.

8. HANDLING PRECAUTIONS:

There is no OSHA PEL or ACGIH TLV for this product or for Clindamycin hydrochloride, the active ingredient. Under normal conditions of use, no special handling precautions are required in areas with adequate ventilation. However, under conditions of prolonged exposure, safety glasses with side shields, gloves and a dust respirator are recommended.

SPECIAL PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE: Exercise reasonable care and caution. Pregnant women should limit their exposure to this drug.

REGULATORY INFORMATION: (Not meant to be all-inclusive--selected regulations represented.)

NOTICE: The information herein is presented in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with federal, state or provincial, and local laws. The following specific information is made for the purpose of complying with numerous federal, state or provincial, and local laws and regulations. See MSD Sheet for health and safety information.

U.S. REGULATIONS: SARA HAZARD CATEGORY: This product has been reviewed according to the federal EPA "Hazard Categories" promulgated under Sections 311 and 312 of the Superfund Amendment and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to be exempt from reporting requirements. Nevertheless, potential reporters should check with their state emergency response commissions to determine if this product must be reported under applicable state requirements.
