

# Osteo-Form

## Advantages

- Calcium-to-phosphorus ratio of 1.8-to-1 reduces danger of nutritional imbalance
- Ideal for foals during periods of rapid growth
- Excellent for pregnant or lactating mares

VET-A-MIX offers quality, research-proven nutritional supplements and drug dosage forms designed specifically for horses. All are manufactured under strict quality control guidelines.

All Vet-A-Mix products are available only through licensed veterinarians.

**Natural  
calcium and  
phosphorus  
powder with  
vitamins.**

LLOYD, Inc.  
800-831-0004  
[www.lloydinc.com](http://www.lloydinc.com)

**How Supplied:**

1-pound bottles.....List No. 0366  
25-pound pails.....List No. 0367

**Indications:**

For use as an aid in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D.

**Do Not Feed to Cattle or Other Ruminants**

**Dosage:** To aid in the prevention of dietary deficiencies, give 1 to 3 slightly rounded tablespoonfuls to foals and 3 to 5 tablespoonfuls to yearlings and adults each day for as long as indicated.

Each slightly rounded tablespoonful of Osteo-Form contains approximately 12 grams. A tablespoon measure is enclosed.

**Administration:**

Osteo-Form may be added to the daily ration or mixed with milk or water. To facilitate proper adhesion of Osteo-Form to the ration, slightly moisten the grain with water or liquid supplement.

**Warning:**

When using Osteo-Form as a maintenance dietary supplement, calcium and phosphorus from other food sources should be considered.

**Guaranteed Analysis:**

	Per pound
Calcium, maximum.....	32.0%
Calcium, minimum.....	27.0%
Phosphorus, minimum.....	16.5%
Vitamin A, minimum.....	153,000 IU
Vitamin D <sub>3</sub> , minimum.....	15,300 IU

**Ingredients:**

Dicalcium phosphate, bone ash, calcium carbonate, soybean flour, bone meal steamed, polysorbate 80, citric acid, ascorbic acid, vitamin A acetate and cholecalciferol.

**KEEP OUT OF REACH OF CHILDREN**
